The Account Manager

Dear Sir,

After many years of working directly with people in diverse professional settings, I am seeking to leverage my experience in a customer service position within the field of serving. For this reason, I was excited to learn your company is currently seeking a full time worker and would very much like to be considered as a strong candidate.

Ideally, this position will allow me the opportunity to utilize my experience gained as a coffee maker with Etihad Hospitality. In this capacity, I co-managed this organization in all areas of customer relations, work flow management, supervision and problem resolution.

Much of my experience is transferable, specially in the areas of coordinating and customer service support; however, I look forward to learning from your company.

Sincerely,

Esmond Abban
